Q: What exactly is STEAM Camp?

Fair question. Our camp will introduce participants to potential careers within:

Science, **T**echnology, **E**ngineering, **A**rts and **M**athematics

Campers will get a hands-on opportunity to learn about educational decisions that can prepare them for these careers. We will also focus on how these careers often require similar, overlapping skills. This is a **connected educational approach** designed to share a well-rounded experience.

Q: Who will be attending STEAM Camp?

Middle school students from the Madison area, with a passion and excitement for **S**cience, **T**echnology, **E**ngineering, **A**rt, and **M**athematics. This will be a constructive, collaborative, and interactive experience. Campers **will discover together** how to explore these exciting careers.

Q: How does STEAM Camp work?

Our program runs for four consecutive days, from **August 1-5, 2022**. Each day begins with informal presentations which introduce campers to people who work within **STEAM** disciplines. The goal is to give our campers a **realistic, interactive** and **fun** look at these careers.

Camp attendees will gather at **7:30AM** each day at the **Urban League Greater Madison Office** on **2222 South Park Street, Madison**, and return to the office at approximately **5:00pm**. The day will consist of a morning session, lunch, and an afternoon session where they will experience hands-on demonstrations and get a behind-the-scene look at possible career pathways.

Q: How much does it cost to attend STEAM Camp?

Nothing. Zero. Zip. We only ask our campers to make an investment of time — show up every day on time, ready to participate, learn and have fun. We promise, it will be **well worth your time**.

Thank you to our food vendor — Ian's Pizza!
